SAYS SERVICES MUST BE CUT

## Ball Fails To Get More County Funds

The Coffee County Commission met in regular session on Monday, March 25, at the courthouse in Elba, and heard County Health Officer Kenneth Ball report that cutbacks would have to be made in the County Health Department by March 5 or the department would face the possibility of being shut down.

"We lack \$34,000 in our budget to continue the present services," said Ball, "and it leaves us with two alternatives -- 1. Begin to cut back services, and 2. Continue all the existing programs until funds run out and then shut down. We must make cutbacks by March 5 that will save us \$35,000, add that means terminating programs and laying off 4 or 5 employees. We will try to keep our most important programs active and serve the people the best we can."

Ball met with the Commission back on February 11, and asked them to impose a 3-mill Ad Valorem tax to raise money for his department. The Commission failed to vote in the tax, and this non-action resulted in Ball's appearance this week.

"The total cost of operating the Health Department is \$952,000 annually," added Ball, "and the local funding is only \$16,000. I have looked high and low for Federal matching funds, and they just can't be found. If the county can't give us some money, we have no choice but to cut services."

In an unrelated matter, Ball stated that 450 residents may soon face prosecution for violating Health Department regulations on the disposal of solid waste.

"We are ready to mail 450 certified letters to county residents that are violating the regulations," stated Ball, "and they will then have 14 days to act or face prosecution. County residents have 3 choices con-

cerning the disposal of solid waste: 1. Use the county garbage program, 2. Haul garbage to the landfill, and 3. Get a permit to bury the garbage. Residents must choose one of these methods or they'll be brought before the judge!"

In other action at Monday's meeting, the Commission:

Approved a request to locate a new cemetery at the Pine Grove Church of God off County Road 43;

Authorized the commissioners to attend a legislative meeting in Montgomery on February 27 & 28;

Instructed Asst. Engineer Tim Hornsby to get quotes from local auctioneers on holding an auction of old Highway Department equipment;

Was told that each separate county commission should decide what constitutes a public and private road in their county;

Agreed to sign a resolution stating it would repair a bridge on the Airport Road in Elba;

Again heard Asst. Engineer Tim Hornsby ask to let the Highway Department lease a piece of machinery to the landfill (Hornsby said his department will soon need the borrowed equipment and he wanted to know if the machine would be available);

Heard Hornsby report he had written a letter of apology to the County School Board over a misunderstanding involving a recent problem with misuse of the county's radio;

Reported the Forestry Department in the county might soon be discontinued, and that the Ranger and equipment would be sent to another county;

Appointed Sheriff Brice Paul to work with the problems of the handicapped, and help in dispensing revenue sharing funds in that area;

Was told by Commissioner Don Smith that the Mt. Pleasant voting house needed minor repairs and a new coat of paint;

Was informed a new door was needed at the Pleasant Ridge voting house;

Heard Probate Judge James Sawyer report a special school would be held in Enterprise and Elba to teach poll officials new procedures;

Agreed to lower the garbage pickup rate for churches to \$2.00 a month;

Agreed to allow residents to place plastic garbage bags in cans to prevent dogs from scattering trash; and

Was told the Advisory Board would meet on Friday, February 29, at the courthouse in Enterprise at 10:00.

This newspaper carried a photo last week of the activities and Folsom said the payment was in response to our "hell-raising."

The receipt was for 1 quart of diesel fuel and the amount was 23 cents.

Mayor Robert Folsom presented to this newspaper a photocopy of a City of Elba receipt dated February 27, 1980, for supplies he said were used by city equipment while working at the Block Plant Warehouse.

## Elba City Council Holds Special Meeting Friday

The Elba City Council met in a special meeting Friday afternoon at the request of Mayor Robert Folsom. The purpose of the special meeting was to make decisions on three pressing items.

The first item for discussion was the proposed purchase of 52 acres of land from the Mt. Pleasant Baptist Association. Folsom told the Council he had to give the group an answer on the next day.

Councilman D.M. English reported he had talked to some who felt the land was worth \$300 to \$400 an acre, and he wanted to know some estimate on the cost of preparing the land for use.

Councilman Cleo Hawkins pointed out that in three or four months the city would be adding \$100,000 a year to payments. He was referring to the already-agreed-upon purchase of the Elba Exchange Bank Building for a city hall purchase of Dr. Kinney's office for a library, and a previously-signed agreement to furnish up to \$75,000 a year for expansion of the local hospital and nursing home.

After the discussion died down, and no motion was made to make an offer, Mayor Folsom moved on to another item. Some confusion had developed on the exact method of paying Dr. Kinney for the purchase of his clinic. The Council was told it would be paid for in five equal payments, with the first \$10,000 payment being made at the time the deeds were signed. All agreed this was satisfactory.

The Council voted to underwrite the 20% difference on the purchase of a station wagon for use by the Nutrition Program. Bids had been opened earlier and low bidder was Nichols Oldsmobile-Pontiac on a Pontiac wagon, according to Folsom. He noted there was a \$500 factory rebate coming later from General Motors; thus the cost to the city wouldn't exceed \$920 and could be less if expected donations were made. The 80% was paid for with a federal grant.

Councilman Charles Kennett asked, "Can we afford to buy this land at \$50 per acre?"

## Area Girls In ESJC Pageant Sawyer

The Miss ESJC Pageant will be held at the Enterprise State Junior College Friday night, February 29, at 7:30 p.m. Girls from Elba participating are: Katrina Hayes, Melanie Rainer and Arlean Brown. From New Brockton are Debbie Mollett and Donna Carroll.

The pageant will be held in the Student Center Building, and tickets will be sold at the door.

Miss Alabama 1979, Miss Kathy Pickett from Mt. Pleasant, Alabama, will serve as Mistress of Ceremonies.

Sawyer calls upon all citizens in Coffee County to give their full support to the efforts to overcome mental retardation.

The following is a list of citizens selected to the Advisory Planning Committee to study problems of the county jail, listed by mailing address:

Hon. Don Donaldson, Mayor, Enterprise; Hon. Frank Sawyer, Mayor, New Brockton; Hon. Steve Hunko, Mayor, Kinston; Hon. Robert Folsom, Mayor, Elba; Neal Addison, Enterprise; Leonard Bradley, Enterprise; Frank Britt, Enterprise; Wilton Bryan, Elba; Tom Casaday, Enterprise; Wilson Clark, Jack; Bernie Cobb, New Brockton; Bill Cooper, Enterprise; Lawrence DeKamus, Enterprise; Wesley Dubisar, Elba; Charles A. Feagin, Enterprise; Edd Fillingim, Jack; Ken Hooks, Enterprise; Mary Jo Hudson, Elba; J.J. Jones, Enterprise; Rev. J.F. Kelley, New Brockton; Sam G. Kelley, Elba; Jerry Mooney, Opp; Frank Nichols, Enterprise; William M. Patton, Jr., Elba; E.A. Hope, Enterprise; J. Wayne Sharpless, Elba; Hettie Smith, Kinston; Jackie Thompson, Enterprise; James F. Wilson, Jack; F.W. Wood, Kinston; John Wright, Enterprise.

## Elba Sixth Graders Observe Day

Mrs. Silvers' 6th grade class held Career Day Friday, February 22. After two weeks of researching information about an occupation or possible profession, the students wrote reports, made posters showing the equipment and activities involved in the job, and interviewed a worker in this field. They brought related items for sharing and displayed them.

On Friday, each student dressed in the costume to represent his or her career interest. Future farmers, doctors, nurses, secretaries, teachers, gardeners, architects, archaeologists, lawyers, speech therapists, veterinarians, carpenters, welders, dentists and race car drivers were seen all about the campus of the Elba Middle School.

# BRAINSTORMS

WITH FERRIN COX

Well, the county commissioners have finally appointed their much-heralded "jail committee." We know many of them on the panel, respect them for their knowledge and abilities, but don't expect them to solve the problems facing the people of Coffee County. One thing that raises a big question mark in our mind is the appointment of at least two to that board that are not even residents of Coffee County! We know the panel got larger than many wanted it to be, but surely they didn't run out of qualified people within the county and have to go outside to get folks that could read and write.

Now the so-called leaders in Elba have issued another version of what must happen before the Americans are released. We read something early on about this being one of the big problems with the talks... we didn't know who had the authority, and apparently they themselves don't know either. When one makes a statement, another issues a conflicting statement, and we are left confused. It may take some time to figure out their packing order (if the Russians don't take over the country first).

The prospect for candidates in the city elections is growing. We now have a total of one citizen who has said he will be a candidate for the city council. He acknowledged considering running for mayor, but was afraid he had a good chance of being elected and decided against that course of action. Rumors are rolling about many folks running for mayor, but as of today only three folks have looked as straight in the eye and stated they would be candidates.

The price of gasoline will be at \$2.00 before year-end, according to most of the experts, both in and out of government. "We believe them, but expect another "gasoline shortage" before the price moves past the \$1.50 level.

The news that Governor James will name Richard Thigpen as his assistant for higher education sounds great! Thigpen is a man of unlimited ability and we feel did an excellent job as president of the University of Alabama while Dr. Matthews was in Washington with HEW.

Well, Teddy Kennedy once said he must win in Maine and New Hampshire to stay in the race for President of these United States. Since he has lost his third primary now (New Hampshire), we wonder if he will admit defeat and pull out of the race. Early returns from New Hampshire indicate President Carter got almost 50% of the total vote, and this is Kennedy's back yard! It appears that the southern states will all go for Carter also, and we are confused as to why Teddy remains in the running.

We have some more pictures of successful fishermen this week, but ye old editor is not among the winners. It seems that every time we try to go fishing, they were biting yesterday, or will bite tomorrow. This time around we put books in the water so many times, we feel we are guilty of using something more powerful than an illegal net—but still no fish.

## LETTERS TO THE EDITOR

**Mr. Cox:**  
This letter is in response to the underlined, enclosed passage of Mayor Polan's statement printed in the February 21 issue of The Elba Clipper. I hope you will allow me to use your newspaper to express my feelings.

**Mr. Mayor:**  
You replied to the representatives of The Elba Clipper that, "I promise to pay for the use of the machine and labor when others who have been helped by the city crews pay their bill."

Mr. Mayor, you are supposed to be a leader, both morally and politically. To make this statement is a contradiction to the oath of office that you took.

In closing, you should take this opportunity to set a precedence on matters such as these and apologize to the community of Elba and pay your debts, to the city and otherwise, in full. This action would be greatly appreciated by your constituents.

Respectfully yours,

JEFF SCARBROUGH

(Editor's Note: The passage referred to in last week's CLIPPER was as follows: "Polan promised to pay for the use of the machine and labor when others who have been helped by city crews pay their bill," and was published on the front page of the CLIPPER.)

**Dear Ferrin,**  
On behalf of the American Red Cross Blood Services, Gulf Coast Region, I want to thank the community of Elba for your hard work and participation in the February 6 blood drive.

Through your efforts, we collected 81 units of blood with 19 persons being deferred. With the donors lay-offs, change of date for the drive, and other things that cropped up, the drive went very well. Our staff wishes to praise the high school volunteers and their cooperative attitude. They provided some of the best help we've ever had.

Sincerely,

LINDA BOYCE

## DEATHS

**News From**

### Alabama Lung

**WALTER SMITH**  
Mr. Walter Smith, of Montgomery, age 80, passed away on February 26, 1980, at the Eugenie Nursing Home. He was the husband of the late Mattie Lee Hall Smith. Funeral services are being held today, (Thursday) February 28, 1980, at 3 p.m. at the Zion Chapel Baptist Church, with Rev. W.E. Fuller officiating. Burial will be in the church cemetery, with Hayes Funeral Home directing.

Survivors include four sons: Lawrence Smith, Phenix City, Ala.; Herman Smith and Douglas Smith, both of Columbus, Ga.; James R. Smith, Gainesville, Fla.; two daughters: Mrs. Myrtle Bohn, Bayville, Ala.; Mrs. Rayford Dandley, Elba; and 20 grandchildren.

**HERBERT EUGENE BAILLARD**  
Mr. Herbert Eugene Baillard of Rt. 3, Elba, age 67, died February 21, 1980, at an Enterprise hospital. Funeral services were held February 23, 1980, at 2 p.m. at the Ashby Baptist Church, with Rev. Buford Baillard and Rev. Donald Lefley officiating. Burial was in the church cemetery, with Hayes Funeral Home directing.

Survivors include his wife, Mrs. Annie Mae Stricklin Baillard; four sons: Edward, Wayne Baillard, James J. Baillard, Rt. 3, Elba; Dennis E. Baillard and Heath D. Baillard, Elba; two daughters: Miss Helen Baillard and Miss Glorinda Baillard, both of Elba; one brother, Garry Baillard, Appleton, Fla.; and one grandchild.

**MRS. BOBBIE SASSER**  
Mrs. Bobbie Sasser Grantham, age 76, of Rt. 5, Elba, died February 22, 1980, in the Elba Nursing Home. She was the widow of the late Lennie Clarence Grantham. Funeral services were held February 23, 1980, at 3 p.m. at the Hayes Funeral Home Chapel, with the Rev. W.E. Fuller officiating. Burial followed in the Evergreen Cemetery, with Hayes Funeral Home directing.

Survivors include two sons: William "Doc" Grantham and Billy Joe "Black" Grantham, both of Elba; two daughters: Grace Benaz, Dowling, California; and Patsy Lee, Elba; one brother, Jack Sasser, one sister, Lois Smith, Arizona; and 13 grandchildren.

**THE FOREST AND YOU**  
Man And Nature  
This article has been prepared by Georgia Pacific, the world's largest forest products company, interested in protecting our natural resources.

Some of America's most beautiful woodlands are protected by forest products companies. There are 182 species of trees in the U.S. Our Douglas fir, coast redwood and Southern pine are among the most desirable species in all the world. There are 500 million acres of commercial timber in the country, about 16 percent owned by forest products companies. These companies combat the ravages of insects, diseases and fire, protecting their trees and producing wood, wildlife and recreation for generation after generation. Only man and nature working together can do this.

## EHS BLACK AND GOLD REVIEW

### FHA Enjoys Program

On Friday, February 15, the Home Economics classes enjoyed the monthly FHA program. This month's program was given by Mrs. Donna Barnes of the American Cancer Society.

Ms. Barnes talked with students about the cancer-causing effects of smoking, and how to stop smoking or help others to stop.

She also showed films which related to the subject, and stated many interesting facts about the harm and hazards of smoking.

### Chi Alpha

#### Mu Meets

Chi Alpha Mu held its monthly meeting on February 21, 1980. The meeting was called to order by the president, Sheri Kennett.

The secretary, Cara English, called the roll, read the minutes of the last meeting, and gave a financial report.

The vice president then took charge of the program which was ciphering. The meeting was adjourned after an enjoyable competition among club members.

MICHELLE COX, Historian

### Junior Student Council Holds Banquet

The Jr. Student Council held a dinner banquet at the Elba High School on Thursday night, February 21, 1980. Eleven student council members enjoyed a delicious meal and social hour. The event was Windham, due to the illness of chaperone by Mr. Buddy club sponsor, Mrs. Jean Helms.

Players and cheerleaders who participated in their last year of Little League Football are: Michael Hill, Tony Shiver, Wade Flowers, Keith Pittman, Steve Nelson, Bobby Flowers, LeNee Clements, Veda Johnson and Tabitha Morris.

## Little League Football Banquet Held

BY: DONNA RUGG

The annual Little League Football Banquet was held Saturday, February 9, in the Zion Chapel cafeteria. Some of the parents helped cater the luncheon and grill hamburgers for the banquet.

Trophies of participation

were given to all seventh grade football players and cheerleaders. Those receiving the trophies were: Michael Hill, Tony Shiver, Wade Flowers, Keith Pittman, David Rainey, Charles Cole, Bobby Flowers. The cheer-

leaders were: LeNee Clements, Tabitha Morris and Veda Johnson. Mr. Charles Smith and the coaches, Edsel Stone, Glen Gatlin, Steve Cape and Eddie Hill were presented with plaques.

After the banquet everyone enjoyed a dance in the gym.

## Agribusiness On The Move

BY: MARK SANDERS

The agriculture classes have been fortunate enough to really get into helping with the completion of the agriculture building. Mr. Stewart, who teaches the agriculture classes at Zion Chapel, worked in his free time preparing and extending the class and work rooms. The students helped complete the class rooms by building desks which are used daily by other students. New equipment has arrived which makes conditions better in preparation for building and having their own projects. Some of the Juniors really appreciate the new equipment because of the aid it provided in all preparation for the prom. In all, things are looking up for agriculture students at Z.C.

## History Has It

BY: MARY DAVIS

For the past few weeks the eleventh grade American History classes, taught by Mrs. Rachel Bryan, have been doing an in-depth study of the Civil War and the Civil War leaders. The eleventh grade is very lucky to have Mrs. Bryan as their history teacher. She thoroughly enjoys history, and most of her enthusiasm rubs off on her students. In studying the Civil War, which is very interesting in itself, and its leaders, the eleventh grade got a glimpse of what Abraham Lincoln was like.

Abraham Lincoln was one of the truly great men of all time. He preserved the American Union during the Civil War. Lincoln realized at the beginning of the Civil War that the Union must be saved. He also knew that self-government would be proved a failure if the nation could be destroyed by a minority of its own people. Lincoln never doubted that in the end, right would make right, and the North would win. His unyielding first in victory helped to win victory. If the Union had not been preserved, the United States would have become two nations. Neither of these nations could have attained the prosperity and importance that the United States has today.

## Guess Who

Behind these glasses You will never guess Is a blonde little lass You won't wish to miss.

The Coffee County Concert Festival will be Saturday, March

## Teacher Spotlight

BY: RHONDA HUSSEY

This week we are focusing our spotlight on Mrs. Elizabeth Lindsey. Mrs. Lindsey is the Speech Pathologist at Zion Chapel. She attended school at New Brockton. After graduation at New Brockton, Mrs. Lindsey attended Montevallo and received a B.S. degree in Speech Pathology. She later attended Troy State and received her M.S. degree in Speech Pathology and a minor in Science.

Mrs. Lindsey has taught at Durham, Newport News, Virginia, and Orem, Utah. She then stayed at home for four years to care for her son. In 1974, Mrs. Lindsey then began to teach Speech Pathology again. For a time she taught at all Coffee County schools. She now works only in New Hope, Zion Chapel and Kinston.

## Cheerleaders Give Valentine Party

BY: VICKIE ELLISON

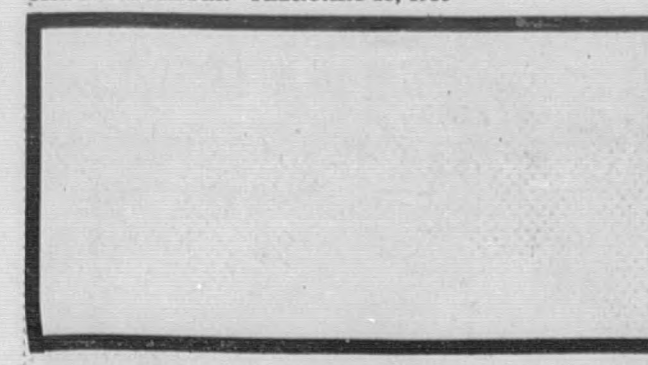

On February 13, 1980, the Varsity cheerleaders of Z.C. showed their love for the basketball players by giving them a Valentine Party. At recess all cheerleaders and players enjoyed potato chips, cake, cookies, candy sweethearts and punch. This party was just a small token of our love and constant support for them.

WE LOVE YOU, REBELS!

WE CAN OFFER YOU

ON RUBBER STAMPS

By: Ricky Malarz Sports Editor

When a team suffers through a losing season the play of an outstanding player often is overlooked. Such is the case in Elba, where Glenn Johnson has completed a very good year. Johnson, a 6-0 guard, averaged almost 15-points a game and was the key on defense as he always guarded the top players on the opposing teams. Johnson gave it all he had in every game and should make a solid junior college player, if given the chance.

Congratulations on a fine season!

I couldn't believe the way everyone became instant hockey fans last week as the U. S. team rolled to a gold medal in the winter olympics. People who didn't know a blue-line from a pace-off, or what offside was, sat in front of their TV sets and cheered our team on, because it was us against the world.

I was at a basketball tournament on Friday night, but the talk of the gym was the hockey team's win over Russia. I guess the U. S. A. is just one big happy family.

It's tournament time across the state and it seems I've been on the road all week long. Monday night I went to Andalusia to cover New Brockton's game and then battled the wind all the way to Jack to go to the Zion Chapel game. Elba was in action on Tuesday night in Andalusia, and on Wednesday it will be Brockton again, also in Andalusia. Thursday night Kinston plays in Coffee Springs, while the Area and Region finals will be on Friday and Saturday.

It's a busy week, but I enjoy going to games and I wouldn't have it any other way!

Elba all-star basketball teams both lost in District competition, but both did play well. The 13-14 year olds lost to Dothan 31-29, while the 11-12 year olds lost to Dothan 35-28, in overtime. The league has come a long way since its beginning, and is now teaching the youngsters how to play and all the fundamentals. Maybe in a couple of years the youth program will improve the fortunes of the high school team.

Got to go to another game . . .

## Men's & Women's Softball Meetings To Be Held

An organizational meeting will be held on Tuesday, March 4, for anyone wishing to enter a team in the Men's Softball League. The meeting will start at 1:00 at the Recreation Center. All managers must attend this meeting.

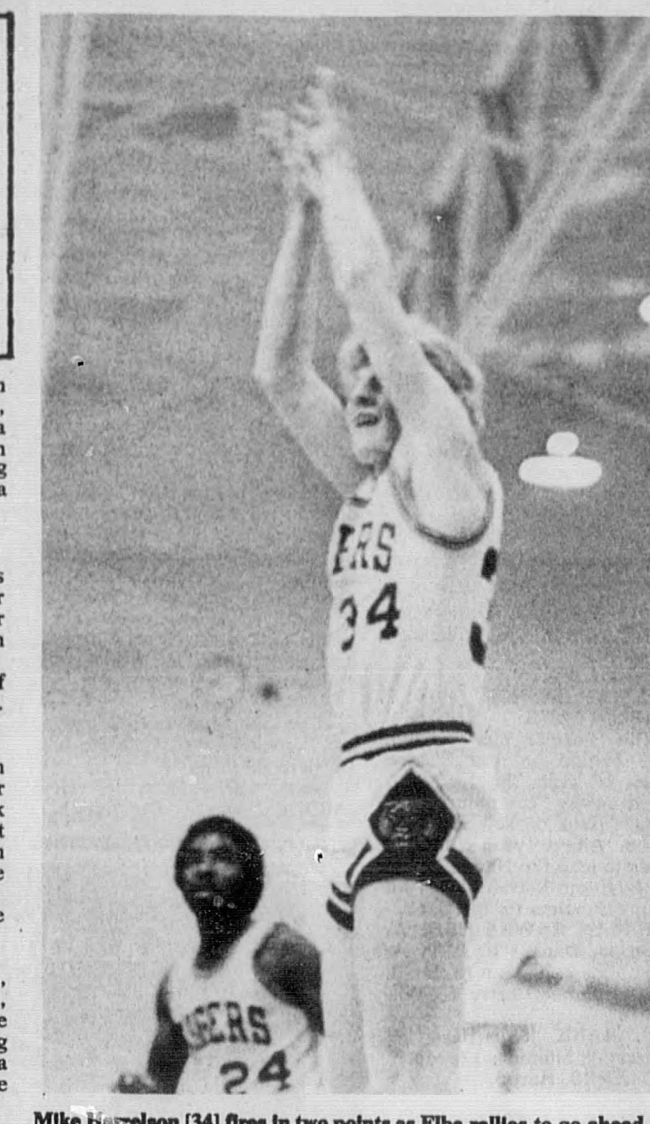

**I can help you.**

*I'm an independent insurance agent. If you need auto insurance, home insurance, business insurance or life insurance, I'll look over policies from a number of nationally ranked companies and select the best for you. The best coverage, the best price.*

*And should you ever have a claim, I'll be here. Just call "my name" and I'll stand up for you. Because I work for you, not just one company.*

Mike Harrelson (34) fires in two points as Elba rallies to go ahead of Geneva late in the third quarter.

## Umpires To Meet Sunday

The Elba Umpire's Association will hold a meeting on Sunday, March 2, at 1:30 at the Elba Recreation Center. Anyone who is interested in umpiring softball or baseball this summer must be at this meeting.

## Elba Tigers Begin Spring Practice

The Elba Tigers started Monday, February 25, with a spring football training on a total of 56 players taking part.

Practice will conclude on Friday, March 21, with the annual "Black and Gold" intrasquad game. "On Monday we just tried to get organized and find everybody positions," reported Elba's Coach Mack Wood. "For the remainder of the week we plan to work the basic fundamentals of blocking and tackling. We will work on fundamentals every day throughout the spring."

"Our off-season program went real good," added Wood, "and everybody was willing to work. Some of the younger boys didn't come as far as I'd hoped, but, all-in-all it was a successful program. As far as team offense and defense goes, we've got our basic stuff and not put in anything fancy. We just hope to build the foundation this spring and add on in the fall. Our philosophy in the spring is to work at an even pace and teach good fundamentals and good habits. It we can accomplish this, we'll know what to expect when we come back in the fall."

"Our goal is to become more consistent on offense and defense," state Wood, "and we will work toward that goal. Last year's team accomplished a great deal, but its inconsistency almost got it whipped a couple of times. We're anxious to get to work and we're hoping for a good spring."

## Elba Tigers Fall To Geneva & New Brockton, Record Slips To 6-14

The Elba Tigers found rough going last week as they suffered losses to Geneva, 61-57, and New Brockton, 57-58. The Tigers now own a record of 6-14, with only the Area tournament left to play.

GENEVA 61  
ELBA 57

The Elba Tigers saw a 5-point lead vanish in the closing minutes of the game as Geneva rallied to post a 61-57 win, in Elba. Geneva started the game as if the Panthers would blow Elba off the court, only to see Elba begin to take charge in the second stanza. The Tigers cut a 12-point Geneva lead to only 29-25 at the half, and behind the hot shooting of Glen Johnson, pulled into a 41-36 lead in the third stanza. Elba held the lead until late in the game, when three turnovers allowed Geneva to catch up and pull away to the win.

Glen Johnson poured in a game-high 27 points to lead Elba, while Ted Horstead added 12. Darrel Spence collected 13 points to lead a Geneva attack that had 4 players in double figures.

GEN. 19 10 14 18 61  
Elba 15 15 18 14 57

GENEVA (61): Spence 13, Williams 12, Hancock 12, Myhand 10, Smith 8, Jordan 5.  
ELBA (57): Johnson 27, T. Horstead 12, King 4, Harrelson 2, D. Horstead 8, Daniels 4.

[B Game - Geneva 34 - Elba 28]

GENEVA (34): Martinez 5, Jones 7, R. Jones 2, Simon 8, Underwood 4, Vickers 2, Lett 2.

ELBA (28): Amison 3, Brunson 4, Yelverton 6, Kelley 2, Hooks 13.

NEW BROCKTON 97  
ELBA 58

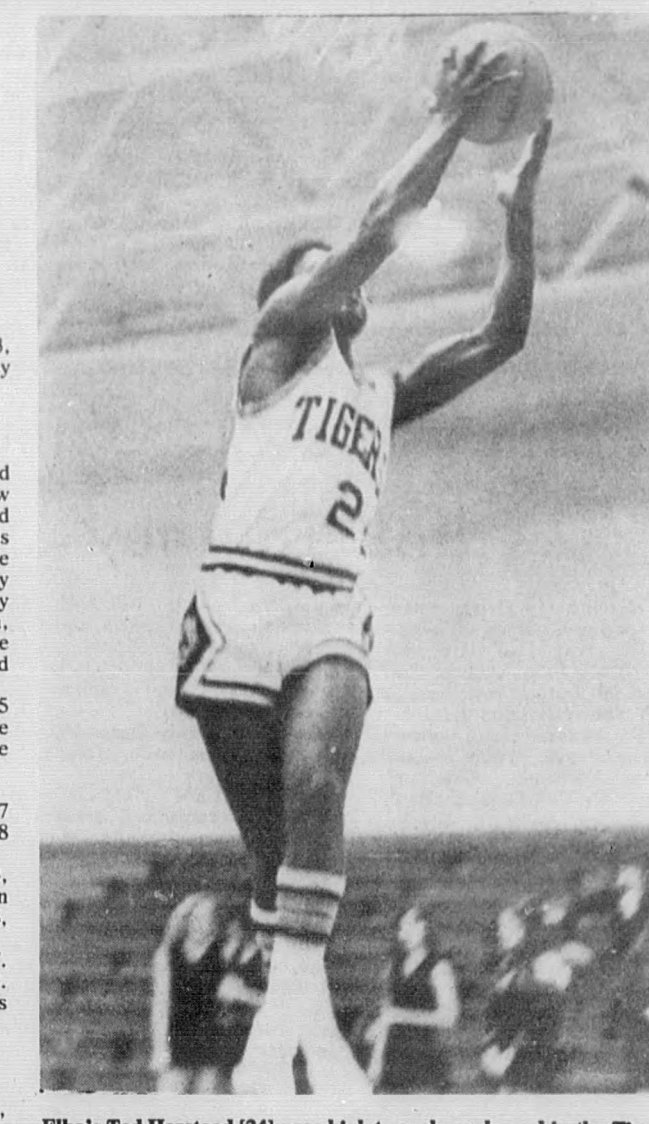

The Elba Tigers journeyed across the county to New Brockton on Friday night and came home licking their wounds from a 97-58 pounding by the Gamecocks. Elba led 4-0 early in the game and trailed only 12-10 late in the opening stanza, but Brockton converted three quick buckets on fast breaks and simply ran away with the win.

Glen Johnson scored 25 points to pace Elba, while Robert Wilson added 25 for the Gamecocks.

N. B. 24 21 28 24 - 97  
ELBA 13 10 12 23 - 58

N. B. (97): Andrews 4, Henderson 4, Nelson 16, Wilson 25, Thomas 20, Burrows 8, Haynes 6, Shepard 14.  
ELBA (58): Johnson 25, T. Horstead 7, Harrelson 1, D. Horstead 7, Daniels 6, Gurnells 4, Harwick 7.

[B Game - N.B. 40 - Elba 37]

## SENIOR SPOTLIGHT

## Mrs. Lena Lenora Grimes

MRS. LENA LENORA GRIMES

We'd like to introduce you, the reader, to one of our special friends this week of February 28, 1980 - an OLDER friend of ours - but one who is STILL vivacious in spirit, as well as action; one who is most energetic; and one who is definitely "young-at-heart" with a delightful sense of humor. She is Mrs. Lena Lenora Grimes of the Curtis Community.

Mrs. Grimes, or "Big Mommy," as she is lovingly called by her family and friends, is in contradiction with the affectionately-given nickname of "Big Mommy," as she is a petite, snow-haired, neat-as-a-pin lady with a pretty, soft, rosey complexion, and as stated earlier, a lady with boundless energy. Why, right now, at the tender age of some 80-odd years, she is in the process of clearing a patch of land for a garden. As she said, "At the present, I'm working on a garden now. I've already got turnips and mustard."

So, right now, let's find out something about this youthful, fascinating lady who was born September 27, 1896, in the Zion Chapel Community, one of 5 children born to James Samuel

Martin is now deceased.

The next child born to Mr. and Mrs. Sanders was Thomas Franklin Sanders. He married the former Eva Renfro, and she now makes her home near Opp. Mr. Sanders is now deceased; but he and his wife had 5 children. They are Louise, Sam, Virginia, Charles and Doris.

Mrs. Grimes' "kid sister" is Susie (Mrs. E.W.) Eddins, who with her husband, makes her home in Zion Chapel on the old Sanders home place, where the 5 Sanders siblings grew to maturity. Mrs. Eddins is the mother of one daughter, Earlene (Mrs. Lamar) Jacobs, of Zion Chapel, and she is the mother of two children - Sharon and Mike.

Mrs. Grimes recalls that she began her teaching career at the tender age of 16, and her first school was Vanderbilt, which she wavered a lot of you don't know the location, but you older folks will recall that it was located east of Victoria. Here she taught the first, second and third grades. Later, Mrs. Grimes returned to Troy Normal where she resumed her studies before returning to the teaching field.

Among the schools where Mrs. Grimes has taught are: Vanderbilt, Zion Chapel, Pine Level, Brooklyn, Beulah, Haney's Crossroads, and she ended her teaching career at the Curtis Community. Here she taught the first, second and third grades. Later, Mrs. Grimes returned to Troy Normal where she resumed her studies before returning to the teaching field.

Mrs. Grimes married Mr. Eugene Augustus Grimes of the Curtis Community on September 2, 1917. He was also a school teacher, having received his formal education at the Newton Academy in Newton. He later became a farmer, after retiring from the teaching profession.

In addition to Mrs. Grimes, there was Joseph Jefferson Sanders, who married the former Matt Tolbert from Zion Chapel. They were the parents of 3 children - 3 daughters, to be exact: Wynell (Mrs. Howard) Kelley, who is a resident of Jack; Mary Hunter (Mrs. Bill) Ammons, Enterprise; and Nina (Mrs. Jack) Giddens, who makes her home in Montgomery. Mr. and Mrs. Sanders are both now deceased.

The next child was Louisa (Mrs. Walter) Martin, who made her home in Enterprise. She and her husband had 2 sons - Walter Martin, Jr., a resident of Memphis, Tennessee, and a postal employee; and James, who was in the Air Force and lost his life during WW II. Mrs.

Meacham, Curtis; Ellen (Mrs. Ted) Blankenship, Alex City, Alabama.

The deceased brothers and sisters are: Spurgeon, a resident of Danley's Crossroads until his death. He was married to the former Amy Lindsey.

Joshua Franklin ("Take"), a resident of the Basin Community until his demise. His wife was Bonnie Harrison prior to her marriage.

Fanny (Mrs. Jim) Wilson, who made her home in Curtis. Lillian (Mrs. Noah) Redmon, of the Brooklyn Community. John, whose wife was the former Mae Long, and who resided in the Curtis Community.

Clen, who was married to the former Daisy Blackstock, and they made their home in Opp.

Morgan, married to the former Mary Dorough of the tender age of 16, and her first school was Vanderbilt, which she wavered a lot of you don't know the location, but you older folks will recall that it was located east of Victoria. Here she taught the first, second and third grades. Later, Mrs. Grimes returned to Troy Normal where she resumed her studies before returning to the teaching field.

We think it is unusual and interesting to note that from these 14 siblings, at the beginning of the fall school term, there were 4 great-grandchildren who were descended from them (from 4 DIFFERENT families). Before his death, he was employed with Hayes International in Dothan. His wife is the former Refina Wicker of Elba, and she is an employee of Alator in Enterprise.

They have one son - Roy Douglas, who, with his wife, the former Michelle Stahler of Montgomery, have two children daughter, and a son, Arrol Douglas, eight months old. They reside in Elba. Michelle is a homemaker/mother; Roy served six years in the U.S. Marine Corps after which he enrolled at MacArthur Tech in Opp where he received a certificate in Architectural Designing and Drafting. He is now employed with Windham Power Lifts in Elba.

Mrs. Grimes enjoys and loves her five grandchildren and 11 great-grandchildren; and "Big Mommy" is equally loved and enjoyed by them in return.

A few of her hobbies include gardening, sewing, cooking, growing and taking care of houseplants; the lovely array of

plants in her home and yard attest to her success and having a "green thumb" with them.

Until only last year, Mrs. Grimes looked after a herd of polled herefords; and to top that, until only two years ago, she regularly drove to Opp on her bright orange truck loaded with corn and hay to be crushed for cow feed! Imagine that!

So concludes our interview and "stroll" down Memory Lane" with one of Elba's finest and sweetest Senior Citizens - Mrs. Lena Lenora Grimes. Hope you enjoyed meeting her just half as much as we enjoyed visiting and talking with her!

"Keep on keeping on." Big Mommy. We love you!!!

**Birmingham Symphony To Appear In Opp**

Residents of south-Alabama will be treated to an evening of pops when the famed Birmingham Symphony Orchestra appears in concert in Opp on February 29.

Sponsored by the Opp Arts Council, the 80-member orchestra will present a program of popular music that will include Gershwin melodies, Ravel's "Bolero," and a special arrangement of "million-dollar" motion picture themes.

Amerigo Marino is conductor, a veteran of 16 years with the BSO. He earlier served with the Los Angeles and Hollywood Bowl Orchestras, and was also with CBS as a composer and conductor.

The orchestra is scheduled to give over 80 performances during the current season, and made headlines last fall when the entire organization donated time and talent for a benefit performance to aid victims of

Hurricane Frederic.

The Friday evening concert will begin at 8:00 o'clock P. M. in the Opp High School auditorium on Leap Day, February 29. Tickets are \$5 for adults and \$2 for students and will be on sale at the boxoffice. Advance tickets are available locally at The Peoples Bank and at Elba Exchange Bank.

## The Elba Clipper

## WHAT IS IN IT FOR ME ?

How about . . . a reliable mother's helper. One that comes to your home regularly. One that offers ideas and viewpoints on household organization, time management and budgeting. Food, nutrition and health. Consumer issues and saving money. And one that's always available at your convenience. Where can you find a mother's helper that terrific? You're looking at one! This newspaper is a real help to homemakers. . . because it's filled with practical information that makes the job easier and saves time. Of course, you'll also keep up with news in the community. Like most busy women, you can use a little mothering, too. So, turn the pages and help yourself.

What's in it for you? The answer appears on every page of this newspaper.

A harvest of news and information . . . for making the good life down on the farm even better. Week and week, year 'round. Turn these pages and you'll find market reports, business and economic news to help you plan for the future. Features, editorials, humor columns that you've appreciated over the years. News about special events in town and current events that keep you up to date on the here and now. And consumer coverage, buying and selling ideas, important advertising to help you get the most for your hard-earned dollars . . . through every season of the year. If you could use an extra hand around your place, cultivate the newspaper habit. We can help.

What's in it for you? The answer appears on every page of this newspaper.

THE ELBA CLIPPER has been the voice of the citizens of Coffee County since 1897 , and we promise to continue serving the needs of our readers each and every week. THE ELBA CLIPPER , a newspaper for and about the citizens of Coffee County.

## ALL AROUND COFFEE COUNTY

County Farm Agent  
**TOM CASADY**

### NEW BAIT

I mentioned a new rat poison Talon a few days ago. I feel certain that some of our farm supply places will be getting some of this material in.

Talon is an anticoagulant similar to the Warfarin which has been used for years. The difference is that Talon will work with only a single feeding of 2 grams of pellet bait in

addition, Talon is effective on rats which have become resistant to the other bait poisons. In Lee County an extremely large population of Norway rats around open grain bins showed a 90% reduction after Talon bait was used for three days and removed. An additional five days of feeding almost completely eliminated the entire

We hope that you have been watching with great interest and anticipation as our new building is erected.

**ELBA  
EXCHANGE  
BANK**

One tip for Coffee County gardeners: If you have not limed your garden in the past 3-5 years, why not go ahead and put out about 50 pounds of lime per 1,000 sq. ft. if your pH is low, this will really help your garden. Of course, the best thing to do is send a soil sample

population of rats.

### GOOD BEEF

If you're interested in a quarter, half or whole beef, call me. Jack Tatum or Dan Presley. We will put your name in the pot. The County Show will be in Lee County on Monday night, March 3. On Wednesday, March 5, they will be shown at the District Show in Dothan and sold that night at the Farm Center in Dothan.

Dan Presley will be our official buyer, and he will look out after your interests in buying one of these steers for you. Remember, you can get a 50% or half or whole. If you are interested, call us at 894-5596 or at our homes and we will be glad to take your order.

### ALL ABOUT CATFISH

You folks who are interested in catfish production are invited to the program here at the Extension Office on March 4. Dr. John Jensen of our Auburn staff will discuss production and harvesting fish. Ferrell Hudson of Elba will discuss marketing. One of the good things about this meeting is that we will go to a pond and actually demonstrate the harvesting of fish with a net. In fact, the net has already been set and the fish are being baited each day. On March 4, they will be baited at the same time as usual and the 150-ft. net will be closed. We are hopeful that we can get about 60% of the fish in this net.

If you're interested in attending and getting details, call me at 894-5596.

**GARDENING**  
You just can't believe the excellent information we have on gardening at our office. You don't have to come in to get it. Call us and we will mail it to you. Of course, we always like to have you come and look at the many things we have.

There is definitely a renewed interest in gardening. Our garden supply places are stocked up with the finest materials available. This will really help your garden. Of course, the best thing to do is send a soil sample

population of rats.

One tip for Coffee County gardeners: If you have not limed your garden in the past 3-5 years, why not go ahead and put out about 50 pounds of lime per 1,000 sq. ft. if your pH is low, this will really help your garden. Of course, the best thing to do is send a soil sample

population of rats.

in to know exactly. But, I think about 50 pounds per 1,000 sq. ft. will be best.

**NEW**  
Dan Presley and I will be available for helping the people in this county whether we are in the office or 30 miles away. We have a new communications system in our office which allows instant communication with us as long as we are within hearing range of our vehicle. So, if you have problems during spring and summer, and need to get in touch with either of us, simply call the office and the secretary there will get in almost immediate touch with one of us.

**New Peanut Loans Announced**

Coffee County farmers will be eligible for a national average support level of \$455 per short ton for their 1980 crop quota peanuts. Rolan Day, Chairman of the Agricultural Stabilization and Administration (ASA) committee, said local producers would also be eligible for \$250 per short ton support on peanuts produced above their quotas.

Legislation requires a two-tier price support level for quota and additional (non-quota) peanuts.

The 1980 loan rate for quota peanuts is \$35 more than the 1979 level and the additional rate is \$50 lower. "The increase in the quota price support level is based on rising production costs," Day said. "It was necessary to lower the support level for additional peanuts because of the U.S. Department of Agriculture (USDA) expects 1980 peanut oil and meal prices to be lower. The additional support level is based on the estimated export and domestic demand for peanuts and peanut oil."

Under the peanut price support program, farms are assigned an acreage allotment and a poundage quota. Peanuts grown on allotted acres and within the poundage quota are considered quota peanuts. Those grown on allotted acres, but in excess of the farm's quota, are additional peanuts.

## Local Girls Winners Imperial Miss Pageant

The Imperial Miss Alabama Beauty and Talent Pageant was held in Daleville recently, and several local girls came out winners.

Susan Kelley was crowned winner in the Countess Division, ages 7-9.

Susan is the daughter of Mr. and Mrs. Drexel R. Kelley of Elba, and will represent Alabama at national competition in Houston, Texas, in July.

Denise Farris of Kinston was chosen first alternate in the Princess Division, ages 4-5.

Regina Dawn Jordan was chosen fourth alternate in the Queen Division, ages 16 and up.
